

## 2017 SPL RULEBOOK REVISIONS & UPDATES

*As per the USACi rulebook (page 2 paragraph 2)*

USACI reserves the right to make written amendments to this rule Book without prior written notification to its members. USACI will however, make every effort to notify active members via the Internet and/or by distributing any written changes during the registration process of a sanctioned USACI contest. All competitors and enthusiasts are encouraged to visit our web site at [www.usaciworldwide.org](http://www.usaciworldwide.org) for rules updates, event schedules and event results.

### REVISIONS & UPDATES ARE LISTED BELOW:

**8/24/17**

**It has been brought to our attention as to whether or not it is legal to have multiple OEM style windshields laminated together for use in the Street Beat 4 class. After careful consideration, USACi has approved this request and utilizing 2 laminated OEM style windshields will be acceptable for the remainder of the 2017 competition season. However, we cannot guarantee this will be allowed for the 2018 season.**
